### General data

|                     |                                                   |
|---------------------|---------------------------------------------------|
| Location            | Poland                                            |
| region              | Dolnośląskie                                      |
| Year of manufacture | 2013                                              |
| Warranty            | Without warranty                                  |
| Technical condition | Very good                                         |
| Payment             | Before receipt                                    |
| Transport           | The buyer organizes the transport at his own cost |

### Technical parameters

|                                                            |         |
|------------------------------------------------------------|---------|
| Laser power                                                | 2 kW    |
| Length of the working table                                | 3000 mm |
| Width of the working table                                 | 1500 mm |
| Maximum thickness of the cut sheet metal (Normal Steel)    | 12 mm   |
| Maximum thickness of the cut sheet metal (Stainless Steel) | 11 mm   |
| Maximum thickness of the cut sheet metal (Aluminum)        | 8 mm    |
| Travel length X-axis                                       | 100 mm  |
| Total power demand                                         | 55 kW   |

### Dimensions

|                |      |
|----------------|------|
| Machine weight | 20 t |
|----------------|------|

### Equipment

|             |   |
|-------------|---|
| CNC control | + |
|-------------|---|
